Raptor research organizer

Name of bird:

Scientific name (genus & species):

Is this bird known by any other names?
What are they?

Is this bird a buteo, accipiter, falcon, eagle,
vulture, or other?

Habitat:

Range (where in the world can I find it)?

Diet:

Description of its appearance (plumage, field marks, eye color, head marks, etc.)

Size of its body and wingspan:

Flight pattern:

Describe how males and females of this species are different.

Describe how juvenile (young) birds of this species are different than adults.

Is this an endangered species?

Describe its call (the noises it makes).

Here are some other cool things I
learned about my bird of prey:

Draw your raptor here.

Draw its silhouette here.

Why did you choose this bird of prey?
